

The Program Management Forum (PMF)

PMF is an Oregon-based, not-for-profit professional organization dedicated to developing, sharing and advocating best practices for program management. We offer a series of participative learning events such as monthly luncheons, one- or two-day seminars, and half-day learning breakfasts as well as social and networking activities.

What is Program Management?

Program Management is a combination of leadership skills resulting in the ability to manage multiple projects towards a business objective. It is all about the clean execution of corporate strategies towards the achievement of measurable business results. Program managers reduce variability, ensure strategic alignment, manage constant change, and deal with global challenges.

Corporate Sponsorship Opportunity

Good program management lead to good business results -- PMF offers a neutral place where program managers and other business leaders can collaborate, learn, and improve their competence to execute corporate strategies.

As a Corporate Sponsor, you are associating your name and your people with others who share similar values and seek professional development in the industries they serve.

Tangible Benefits of Sponsorship

Gold Level, Selected Benefits

- ◆ Free admission for 5 employees to each month's luncheon presentation, where topics are practical, relevant and current.
- ◆ 20% discount for PMF seminars, workshops or SIGs.
- ◆ One in-house presentation on relevant and timely business, strategic, and tactical topics. A list of "brown bag" lunches and informal presentations on a variety of topics is available.
- ◆ Nomination for a seat on the Board of Directors to help influence the direction of PMF.
- ◆ Recognition of your participation at PMF events to show our appreciation and create awareness about your company.

Silver Level, Selected Benefits

- ◆ Free admission for 5 employees to each month's luncheon presentation, where topics are practical, relevant and current.
- ◆ Nomination for a seat on the Board of Directors to help influence the direction of PMF.
